Mr. Schober,

Attached are the Google Earth overlays and measurements we had discussed over the phone.

The Kingston Application, "Byford East" could possibly be moved approx. 65' to the west and give you 110' of clearance from R-10937. But it will be tight with spacing from your other application. I'll let you look it over and let me know what you would like to do here.

The Chouteau Application is pretty much out due to the playground and park. The sign would have to moved substantially to the east to clear the spacing from the park.

Let me know if you have any questions. Thank you for your time and have a great weekend.

Respectfully

Thomas Davis
