*Re: Reminder Notice of Abandoned Sign
Reg. No. 2127, Sign File No.: 5050-18
I-40, Washita County*

Dear Sign Owners:

In February of 2020 a notice was sent to you advising the above-referenced sign had been placed in "Abandoned Review" status for observation. (A copy of this notice is enclosed.) This notification detailed the abandoned review process, which allows a one-year period for the sign to be put back into use. The one-year review period began on the date of discovery which was February 20, 2020.

As of today's date, we have not received any evidence the sign has been brought back into use nor evidence the sign has been removed. The date in which to bring the sign back into compliance, February 20, 2021, has lapsed. This letter is merely to serve as a final notice that the sign must be brought back into compliance within thirty (30) days of receiving this letter. If the sign remains abandoned and we have received no photographic evidence that this sign has been brought back into compliance by this deadline, the sign will then be deemed illegal and required to be removed. If you have no intentions of continuing use for the sign, we respectfully request that the sign be removed.

Please be advised that failure to take appropriate action shall result in legal action being taken for which you shall be assessed both the legal fees and the costs of removal if the State is required to remove the sign.

Thank you for your time and consideration on this matter.

Sincerely,

for Barbara Hoppes
