FINAL NOTICE FOR PERMIT RENEWAL
Sign Registration No. 10518
SH-3, Blaine County

Dear Sign Owner:

At the first of December a notice was sent to your business advising the above-referenced Permit would be expiring December 31st. As of today's date, we have not received a payment or other response from you. According to Title 730:35-5-6 (d) of the Oklahoma Administrative Code:

Failure to renew a permit required shall cause the non-permitted outdoor advertising device to be in violation of these regulations and subject to removal according to law.

The cost to renew a permit is twenty dollars (\$20.00) every two (2) years. If you intend to continue use of this sign, please submit a total of twenty dollars (\$20.00) to this office no later than the last day of February. This will bring the permit up to current status making the next expiration date December 31, 2023. If we have not received the required fee by the end of this month, the permit *will be cancelled*. Upon cancellation any structure still in place at the permitted site, whether in operation or not, will be deemed illegal and pursued as such.

If you do not wish to update this permit, please notify this office in writing so that we can officially cancel your permit. However, keep in mind that the complete sign structure would need to be physically removed. The removal of the advertisement alone is not sufficient. Highway Beautification Act standards require that the complete structure be removed to be in compliance.

If you have any questions feel free to call this office at (405) 521-3005.

Respectfully,

Barbara Hoppes
