Illegal Sign File Number: 1410-03
North side of I-40, Sequoyah County

Dear Mr. Ille:

After our discussion regarding your options for sign compliance it is my understanding that Loves is in discussions with the Vian Community Charitable Trust about buying property behind the store to be developed into an RV park. This new addition to the Loves Travel Stop should incorporate the illegal sign into the current Loves property which will then allow the sign to be classified as exempt on-premise

We are granting a 90-day extension of time to move forward with the developments. The 90-day target date to have plans in place is November 11, 2011.

We appreciate your endeavors to ensure your sign are brought into compliance with Beautification regulations. If you have any questions or require any assistance from our office, do not hesitate to give us a call. (405)521-3005

Respectfully,

Barbara Hoppes
