*RE: Approval of Grandfathered (SNQP) Site.
Registration No. 15577
Sign File No. 27112-03
US-271B, Choctaw County*

Dear Mr. Martinez:

In accordance with Title 69 O.S. 2011 §1271 et.seq. and the Oklahoma Administrative Code Title 730:35-5, the Oklahoma Department of Transportation has approved the above-referenced sign for a Class "B" Permit & Registration. Please be sure to attach the tag to the sign structure where it will be visible from the highway, at approximately eye level, within sixty (60) days of receiving this approval.

This legal-nonconforming (grandfathered) classification is being issued to your pre-existing sign due to insufficient zoning. An excerpt from the Oklahoma Administrative Code pertaining to the maintenance and destruction of grandfathered signs has also been enclosed. Basically, the sign must stay substantially the same (as per described on the application form,) and cannot be rebuilt if ever destroyed unless the site can meet Class A requirements at a later date. Requests to repair sign must be submitted to the Department for approval *previous* to actual repairs. Please keep in mind that failure to comply with these guidelines could terminate the sign's grandfather status causing it to be considered illegal.

Be advised that the issuance of this permit shall not be construed to supersede or override any ordinance, act or rule of a city, town, county, zoning authority or other duly constituted regulatory body, which may forbid or otherwise restrict the sign, the signal structure, any message displayed, or any other incident of control of the sign or its use.

We appreciate your time and effort in bringing your sign into compliance. If you have any questions or need additional information, please do not hesitate to call the Outdoor Advertising Control office at (405)521-3005.

Respectfully,

Barbara Hoppes
