RE: Norman Regional FSED – East Campus, State Highway 9 and 24<sup>th</sup> Avenue SE  
Planned Unit Development, PUD, Ordinance No. O-1920-57

To Whom It May Concern:

The above-described property is zoned PUD, Planned Unit Development per Zoning Ordinance No. O-1920-57 adopted by Norman City Council on July 28, 2020, and attached to this letter.

The sign package proposal included in this PUD Narrative details the allowed signage and locations. These approved locations are shown on the NRH – FSED Master Site Plan, also included in the PUD Narrative. This Master Site Plan details the use of off-premise signage on the message center, shown on the approved sign package as “Optional Layout”, north side of Ann Brandon Boulevard.

If I can be of further assistance, please feel free to contact me at 405-307-7112.

Sincerely,

Jane Hudson, Planning Director  
City of Norman

AN ORDINANCE OF THE COUNCIL OF THE CITY OF NORMAN, OKLAHOMA, AMENDING SECTION 460 OF CHAPTER 22 OF THE CODE OF THE CITY OF NORMAN SO AS TO REMOVE A TRACT OF LAND LYING IN THE NORTHEAST QUARTER OF SECTION NINE (9), TOWNSHIP EIGHT (8) NORTH, RANGE TWO (2) WEST OF THE INDIAN MERIDIAN, TO NORMAN, CLEVELAND COUNTY, OKLAHOMA, FROM THE O-1, OFFICE-INSTITUTIONAL DISTRICT, AND PLACE SAME IN THE PUD, PLANNED UNIT DEVELOPMENT DISTRICT; AND PROVIDING FOR THE SEVERABILITY THEREOF. (SOUTHWEST CORNER OF THE INTERSECTION OF STATE HIGHWAY 9 AND 24<sup>TH</sup> AVENUE S.E.)

- § 1. WHEREAS, Norman Regional Hospital Authority, the owners of the hereinafter described property, have made application to have the subject property removed from the O-1, Office-Institutional District and placed in the PUD, Planned Unit Development District; and
- § 2. WHEREAS, said application has been referred to the Planning Commission of said City and said body has, after conducting a public hearing as required by law, considered the same and recommended that the same should be granted with the condition that the RM-6 be reduced to a limited size, and an ordinance adopted to effect and accomplish such rezoning; and
- § 3. WHEREAS, the City Council of the City of Norman, Oklahoma, has thereafter considered said application and has determined that said application should be granted and an ordinance adopted to effect and accomplish such rezoning.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF NORMAN, OKLAHOMA:

- § 4. That Section 460 of Chapter 22 of the Code of the City of Norman, Oklahoma, is hereby amended so as to remove the following described property from the O-1, Office-Institutional District and place the same in the PUD, Planned Unit Development District, to wit:

## **I. INTRODUCTION**

Norman Regional Health System (the “**Applicant**”) seeks to rezone a tract of property located in Ward 5 of the City of Norman. More particularly, the site is located on the South side of State Highway 9, generally located at the Southwest corner of the intersection of State Highway 9 and 24th Ave SE, more particularly described on the attached **Exhibit A** (collectively referred to herein as the “**Property**”).

The Applicant intends to put forth the parameters for which the development of the Property may be phased over time. Through the use of the planned unit development, the Property may be developed as a mixed-use development featuring a free-standing emergency department and other medical related uses for Norman Regional Health System, as well as numerous other compatible uses as further laid out within this PUD. It is anticipated that the Property will be developed in multiple phases, with the development of the free-standing emergency department being the initial phase.

## **II. PROPERTY DESCRIPTION/GENERAL SITE CONDITIONS**

### **A. Location**

The Property lies on the South side of State Highway 9, generally at the Southwest corner of the intersection of State Highway 9 and 24th Ave SE.

### **B. Existing Land Use and Zoning**

The Property is currently zoned O-1, Office Institutional District and currently NORMAN 2025 designated as Office.

The Property is surrounded by various zoning districts and NORMAN 2025 designations, which makes this site an ideal location for the proposed mixed-use development. The property to the North is zoned I-1, Light Industrial and NORMAN 2025 designated as Industrial. The properties to the East of the Property are zoned C-1, Local Commercial with Special Use for a Church and CO, Suburban Office Commercial, with NORMAN 2025 designations of Institutional and Office respectively. The properties to the South and Southeast of the Property are zoned R-1, Single Family Dwelling and NORMAN 2025 designated as Low Density Residential. The property to the Southwest of the Property is zoned R-1, Single Family Dwelling but has a NORMAN 2025 designation of Commercial. Finally, the property to the West of the Property is zoned C-2, General Commercial, with a corresponding NORMAN 2025 designation of Commercial.

### **C. Elevation and Topography**

The Property consists of unimproved land. The Property slopes slightly from the North to the South.

#### **D. Drainage**

A drainage report has been provided by the Applicant to City Staff as part of the Preliminary Plat application. The Applicant shall comply with all applicable City ordinances and regulations regarding drainage for the Property.

#### **E. Utility Services**

The necessary utility services for this project are already located in close proximity to the Property. The Applicant shall extend such utility services to the Property, as necessary.

#### **F. Fire Protection Services**

Fire Protection services will be provided by the City of Norman Fire Department and by the Applicant as such are required by adopted City codes.

#### **G. Traffic Circulation and Access**

Access to the Property shall be permitted in the manner depicted on the attached Preliminary Site Development Plan.

### **III. DEVELOPMENT PLAN AND DESIGN CONCEPT**

The Property is planned to accommodate a mixed-use development over the roughly 29.6 acres of land, including but not limited to a free-standing emergency department, other medical uses, commercial, and multifamily uses compatible with the development and the spirit of the FSED site, such as senior living. To the extent possible, the Property shall be developed in general compliance with the preliminary site development plan, attached to this PUD. The Exhibits attached hereto, and as submitted on behalf of the Applicant, are incorporated herein by reference and further depict the development criteria for the Property.

#### **A. Uses Permitted:**

The Property shall contain the following allowable uses:

- Medical – (non-FSED) a minimum of 30% of the remaining Property
- Commercial – up to 40% of the remaining Property
- Residential – up to 30% of the remaining Property

For purposes of this PUD, the above permitted uses shall have the following definitions:

**“Medical”** shall allow for a full service Free Standing Emergency Department, including but not limited to temporary patient observation and short stay uses, laboratory, diagnostic image services, physician offices, and other medical uses, and other uses allowable as a matter of right in the City of Norman’s current O-1, Office-Institutional Zoning District, which is the existing zoning for the Property, including any such additional uses that may be added to said zoning district from time to time.

**“Commercial”** shall allow for general commercial uses, including other uses allowable as a matter of right in the City of Norman’s current C-2, General Commercial Zoning District, including any such additional uses that may be added to said zoning district from time to time.

**“Residential”** shall allow for senior living facilities, including but not limited to senior independent living, assisted living, and memory care facilities, as well as other uses allowable as a matter of right in the City of Norman’s current RM-6, Medium Density Apartment Zoning District, provided any residential units constructed do not exceed three (3) bedrooms, including any such additional uses that may be added to said zoning district from time to time. It is the desire and intent of the Applicant to provide a residential component within the Property that is compatible with the spirit of the FSED and overall wellness theme for the Property. Ultimately, the desire is to entice a senior living center to develop on the Property. By purchasing the entire Property, the Applicant will have control over future end users within the development.

A complete list of the allowable uses for each category is attached hereto as **Exhibit E**.

#### **B. Area Regulations:**

The lots within the preliminary plat of the Property shall comply with the following setbacks:

**Front Yard:** All buildings shall be set back from any abutting street right-of-way at least ten (10) feet. Across the entire front of all lots (and the street side of any corner lot) a minimum ten (10) foot landscape strip shall be installed, which may not be encroached upon by parking. One eight (8) foot tall shade (canopy) tree per each twenty (20) feet of lot frontage and one (1) three (3)-gallon shrub per five (5) feet of building frontage shall be installed within this landscape strip. Clustering of these required plantings may be allowed, if approved by the City Forester or his designee. Such planting should be covered by the three (3) year maintenance bond required when new landscaping is installed with the parking lot on the same tract. All species are to be approved by the City Forester.

**Side Yard:** For uses other than dwelling, no side yard shall be required except on the side of a lot adjoining a residential zoning district in which case there shall be a side yard of not less than five (5) feet.

**Rear Yard:** Rear yard shall not be required for retail establishment; except where a rear lot line abuts upon a dwelling district and the commercial building is designed to be serviced from the rear, there shall be provided a rear yard of not less than thirty (30) feet for lots without alleys and twenty (20) feet for lots with alleys; and further provided that in no case where the rear lot line abuts a dwelling district shall the commercial building be erected closer than three (3) feet to the rear lot line.

**C. Parking:**

Parking will meet or exceed the requirements of Section 431.5 of the City of Norman's Zoning Ordinance for Off-Street Parking.

**D. Dumpster and Trash Enclosures**

Trash may be handled through on-site dumpsters. A trash compactor(s) and its enclosure(s) may also be located on site to facilitate trash removal. Any dumpster or trash facilities shall be screened within enclosures that are built of materials to be compatible with the building exteriors in the main building.

**E. Miscellaneous Development Criteria**

**1. Site Plan**

The preliminary site development plan for the Property is concurrently submitted with this PUD and shall be incorporated herein as an integral part of the PUD and the development of the property shall be generally constructed as presented thereon, subject to final design development and the changes allowed by Section 22.420(7) of the City of Norman's PUD Ordinance.

**2. Open Space**

Open space and green space areas are located throughout the Property. The Property shall contain a minimum of 10% of open space throughout the development. Within the area of the Property, open green space is approximately shown on the attached **EXHIBIT D**. Impervious area for the Property shall not exceed 85% as applied to the entirety of the development. Residential uses shall not exceed 65% impervious area.

**3. Signage**

The proposed development signage package for the Property is attached hereto as **Exhibit F**. Signage for the development shall be allowed in the locations and up to the maximum heights shown on the signage package. The total square footage for development entrance, directional, and identification signage as shown on the attached signage package shall be the

maximum total square footage for all development signage for the Property. Actual appearance, design, and materials of signage may change depending on final end users within the Property. Additional on premise signage, including but not limited to tenant or future end user building signage, ground signage, and/or directional signage, for each lot within the Property shall comply with the City of Norman's applicable Commercial Zone Sign Standards, contained in Section 18-504 of the City of Norman's Municipal Code. Grounds signs on the Property shall be allowed at zero setback so long as all ground signs do not block the applicable sight triangle.

**4. Traffic access/circulation/parking and sidewalks**

Access to the Property shall be permitted in the manner depicted on the attached Preliminary Site Development Plan. The Property shall comply with the City of Norman standards to allow for emergency access and fire access as necessary, as such standards may be amended from time to time. Sidewalks will be added in the locations shown on the attached Preliminary Site Development Plan and Preliminary Plat. Traffic calming devices and signage shall be placed on the Property in the approximate locations and manner shown on the attached Site Development Plan.

**5. Lighting**

All exterior lighting shall be installed in conformance with the City of Norman's Commercial Outdoor Lighting Standards, contained in Section 431.6 of the City of Norman's Zoning Ordinance

**6. Landscaping**

Landscaping shall be provided in conformity to Section 431.8 of the City of Norman's Zoning Ordinance. A landscape buffer is proposed along the southern boundary of the Property. The proposed landscape buffer is approximately 52 feet wide.

**7. Fencing**

The development of the Property shall comply with the applicable fencing/screening requirements contained in Section 431.9 of the City of Norman's Zoning Ordinance. The Applicant will install a six foot (6') wall made of panelized precast concrete, masonry, or similar material along the southern boundary of the Property. This wall will be completed with the first phase of the development.

**8. Phasing**

It is anticipated that the Property will be developed in multiple phases. The initial phase is anticipated to be the free-standing emergency department. The timing and number of future phases will be determined by market demand and absorption rates.
