Miami, OK 74355

*Re: Approval of Sign Location  
Registration Number: 15692  
Sign File Number: 30294-02  
SH-3E, Seminole County*

Dear Ms. Murphy:

In accordance with Title 69 O.S. 2021 §1271 et.seq. and the Oklahoma Administrative Code §730:35-5 the Oklahoma Department of Transportation has approved the enclosed application for registration and permitting. We have also enclosed the registration certificate, permit and tag. Please be sure to attach the tag to the sign structure where it will be visible from the highway, at approximately eye level, within sixty (60) days of receiving this approval.

According to your application you intend to build a stacked unit. Please be sure not to exceed the maximum facing height of 25 ft. Keep in mind vinyl coverings placed over both panels of a stacked unit could cause the overall facing height to exceed the 25 ft. allowance and therefore cause the sign to be deemed illegal.

We also feel it prudent to advise you that there is impending highway construction along this route of highway so you might want to consider this when constructing the sign. The Resident Engineer at the District III Residency, could provide guidance in ensuring that your sign does not encroach on state right-of-way. The Resident Engineer can be reached at (580)332-1526. Upon completion of sign construction or permanent marker installation, please notify this office so that a final inspection can be made.

Be advised that the issuance of this permit shall not be construed to supersede or override any ordinance, act or rule of a city, town, county, zoning authority or other duly constituted regulatory body, which may forbid or otherwise restrict the sign, the signal structure, any message displayed, or any other incident of control of the sign or its use.

If you have any questions or need additional information, please do not hesitate to call this office.  
(405)521-3005

Respectfully,

Jordan Guthrie  
Transportation Manager  
Outdoor Advertising Control Branch
