Thomas – Please see below. They wouldn't have to obtain a new permit correct? Just install the sign outside the proposed R/W.

Let me know your thoughts.

The other was is the one we discussed last week.

Chris

Chris,

*14829 in place of LNRM 6437 Removed 6/22/16
Pm Ltr 8/3/21 DV*

Billboard permit # 15279 was obtained from ODOT in 11/2020 (see attached)– this is the Bristow Historical Society. They were going to install the sign at its approved location this week (08/03/21). We are not familiar with the permitting process and the specific locations; however, we have been in communication with the Bristow Historical Society, they do not want to put up this sign only to have to relocate it immediately due to our project. Our contact has stated that this sign will go in line with the Nazarene sign and Hilbert/Leewright signs that are within our proposed ROW.

Is there a permitting cost that we could reimburse them to obtain a new permit with a location out of our proposed ROW to begin with? Also is there a way within the project we could expedite the permitting process for them?

This Historical Society also has the encroaching “Tabouleh Fest” sign we discussed last week. We believe this is permit # 14829 that is in the same location as previously removed sign (permit # 6437) this permit is still shown on the wood posts – but shows removed on the ODOT Outdoor Advertising Viewer.

Please advise.

Thanks,
