*Re: Approval of Sign Location
Registration No. 15306
Sign File No.: 80767-01
Creek Turnpike, Tulsa County
Latitude: 36.024089, Longitude: -95.851472*

Dear Mr. Stokely:

In accordance with the court order from Big Time Billboards, LLC v. Oklahoma Department of Transportation, Tulsa County Case No. CV-2019-21, the Oklahoma Department of Transportation has processed the attached application for registration and permitting. We have enclosed your registration certificate, permit and tag. Please be sure to attach the tag to the sign structure where it will be visible from the highway, at approximately eye level, within sixty (60) days of receiving this approval. If the sign has not been constructed by that time, please be sure to place a permanent marker, with the correct tag attached, at the approved site.

It was indicated on the application that the intention is to utilize LED/digital technology on this sign. The use of LED/digital technology is sanctioned under the Tri-Vision sign regulations. Although your structure will not be using rotating slats as are used with Tri-Vision signs there are still certain guidelines that coincide with these two types of technology. State and federal laws prohibit moving, flashing or intermittent lights being used on off-premise commercial advertisement, therefore the transformation from one display to the next, will need to occur with static displays, without any type of obvious animation such as fading or scrolling. Each individual display will need to remain in place no less than 8 seconds. You will also need to be cognizant of the brilliance of the lighting so that your sign does not pose a safety risk to the travelling public. All controls for LED/digital signs including illumination and operational requirements shall be programmed so that any malfunction shall cause the sign to default to a static operation mode. Be sure to remain within these guidelines to ensure the compliance of your sign. The regulations pertaining to illumination can be found in the Oklahoma Administrative Code, Section 730:35-5-12 (c).

Issuance of this permit shall not be construed to supersede or override any ordinance, act or rule of a city, town, county, zoning authority or other duly constituted regulatory body, which may forbid or otherwise restrict the sign, the signal structure, any message displayed, or any other incident of control of the sign or its use.

If you have any questions or need additional information, please do not hesitate to call this office. (405)521-3005

Respectfully,

A handwritten signature in blue ink that reads "Barbara Hoppes".
